

Scholarship Application

Funded through the generous support of sponsors, the NBA membership scholarship fund allows individuals not able to afford the membership fee to receive a membership in the NBA.

The National Brownfield Association provides member benefits through information, education & training, and events. As a member, you can participate at many levels to advance the brownfield market, including the opportunity to join a chapter committee.

Scholarship applications are awarded on a need basis, and are dependant on sponsor funding. While the NBA strives to grant many scholarships, there is no guarantee of funding. Partial scholarships may be considered if an individual can only afford a portion of the membership fee.

TO APPLY: Provide a few sentences explaining how joining the NBA will benefit you, your employer, and the NBA. Indicate why you are unable to afford the full membership fee.

Complete your contact information and submit the application via fax or mail at the address below.
