

GREAT LAKES SUSTAINABILITY SUMMIT

**CHICAGO, IL
OCTOBER 25-26, 2011**

THE EVENT

The National Brownfield Association is pleased to host the First Annual Great Lakes Sustainability Summit.

This summit is a unique event that connects redevelopment with the key issues facing Great Lake Communities including: water, waste and natural resources management and sustainable development of brownfields.

ABOUT THE NBA

The NBA is a 501(c) (3) non-profit education organization that promotes sustainable development. NBA provides a transaction-focused network where members can meet industry leaders and exchange ideas, information and experiences to better redevelop brownfields. We rely on member dues and sponsor contributions to fund our programs and operations.

WHY SPONSOR?

- o Increase your exposure to decision makers who buy and develop brownfields and provide related goods and services.
- o Network with high-level professionals and decision-makers.
- o Strengthen relationships with municipalities and agencies.
- o Help support NBA activities.

Brownfield developers, traditional developers, investors and financiers, corporate property owners, attorneys, environmental consultants, remediation/demolition contractors, architects, planners, engineers and government leaders come to Summit looking to do business.
